

January 7, 2009

Mr. Carter has kept the landscape here at Randallstown Post Office manicured for the last 3 years. In addition to keeping the lawns cut and well manicured, he also keeps the shrubbery cut and trimmed.

Mr. Carter treated our property as if it was his own. In addition to keeping the grounds well manicured, he would take it upon himself to pick up trash and even from time to time sweep the grounds if he felt it necessary to keep our grounds professional looking to traffic passing by.

Mr. Carter's professionalism and manners are unmatched. Countless compliments were given by our customers who passed through our lobby. His trust and dedication will always be appreciated here at Randallstown Post Office.
