To whom it may concern,

The Orchestrator has been utilized by our company as an independent contractor given the responsibility of installation of signs with some of our major clients. Mr. Carter through his company (The Orchestrator) has provided professional, efficient and timely work in each endeavor.

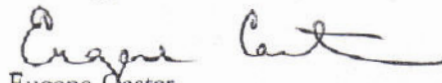

Projects that he has completed include the following:

Social Security Administration - OPS building Phase I & 2
Smithsonian National Zoo/Wayfinding
SEC Headquarters @ Station Place
DC Parks & Recreation

These were \$100,000 - \$250,000 projects whose completion were made a lot easier because of the dedication and professionalism shown by The Orchestrator.

I would recommend using The Orchestrator with no hesitation.

Sincerely,

Eugene Carter
Project Manager
